Cookies policy and similar technologies

Please, read carefully and be informed about our website cookies policy and similar technologies, before you enter our site.

Last version: 04/02/2021

1. What are the cookies?

The cookies are small text files, containing letters and numbers, which are stored on your device, whenever you visit a website or an application. These text files give opportunity for the website (platform) to remember your settings (like language preference) in order to avoid selecting them every time, thus enhancing your web experience.

2. Why do we use cookies?

The cookies have multiple functions including ease of navigation and saving your preferences, which provides more personalized content and improves the overall user experience.

We use cookies for:

- To manage your preferences and improve certain features of the website (platform). This contains collecting information about date and time of your last visit, your search history and your language preference;
- To analyze how our website (platform) is accessed, and how it is used as well. We use this information to maintain, manage and continuously improve our services;
- To secure the connection, between your device and our website (platform).

3. What types of cookies and other technologies do we use?

Our website (platform) uses the following categories of cookies and technologies:

- **Persistent cookies** – these cookies are stored on your internet browser and are used, when you visit the website (platform). These cookies are used to store user's language settings.
- **Session cookies** – these are temporary cookies that are stored in your internet browser's cookie archive until leave the website (platform). This type of cookies, in combination with SSL technologies, are necessary to ensure secure connection between your device and our website (platform)

It is possible our website (platform) to contain links to third party websites or applications, including our partners'. Please note that these third-party websites may also use cookies. We do not control these third-party websites and we are not responsible for the cookies they use or access. In case you choose any of these links or applications, please note that they use their own cookie policy. Therefore, please read the cookie policies of other websites or applications before accessing them.

4. Do we use third-party cookies or extensions on our site (platform)?

The only third-party cookies which our website (platform) uses are for **Google Analytics**. The purpose of these cookies is to provide statistic for the visitors of our website (platform). This information is strictly confidential and is not shared with third parties

5. How to delete, deactivate or block the cookies?

The cookies used by our website (platform) are mandatory and by visiting it, you agree to be downloaded to your computer.

Warning: If you block cookies used by our website (platform), you may not be able to access all or part of our services, such as saving custom settings like language preferences.

If you decide that you do not want to receive cookies from our website (platform), we recommend opening your internet browser in "incognito" mode.

By clicking the "**I accept**" button or using our website (platform), you confirm that you have read and agree to our use of cookies, as stated in the "**Cookies policy**".
